

## **Twin Cities Pain Clinic and Twin Cities Surgery Center Voted Minnesota's Best**

*Both groups took top honors for their respective industry categories in the Star Tribune's 2021 Minnesota's Best award contest.*

**EDINA, Minn., August 1, 2021** – Twin Cities Pain Clinic and Twin Cities Surgery Center each recently earned the top prize in the Star Tribune's 2021 Minnesota's Best award contest.

The Minnesota's Best contest is hosted by Minnesota's largest media outlet, the Star Tribune, and is based entirely on real feedback from the Minnesota community. Residents went online to cast their votes, choosing from among 5,300 businesses across dozens of industries. After one month of voting, over 600,000 ballots were submitted before the winners were chosen.

In both the pain clinic and surgery center categories, over a dozen exceptional groups were in the running for the top spot. When the votes were counted, Twin Cities Pain Clinic and Twin Cities Surgery Center were announced the winners, respectively earning the Gold Awards for best pain clinic and best surgery center in the state!

"This is truly a proud moment for our entire organization," said founder and Medical Director, Dr. Andrew Will. "We owe all the credit and appreciation to our phenomenal patients and staff, who make it possible for us to do what we do every day. We are grateful to everyone who submitted a vote for us and very honored to receive these accolades. They are a fitting backdrop to our ongoing efforts to provide only the very best care and service to our patients."

Twin Cities Pain Clinic prides itself on offering the most advanced pain management techniques to provide optimal relief, with a special emphasis on non-opioid therapies such as spinal cord stimulation and targeted medication delivery systems. With four clinics and two outpatient surgery centers in the metro area, patients of Twin Cities Pain Clinic experience convenient access to treatment and exceptional continuity of care from start to finish.

Twin Cities Pain Clinic and Twin Cities Surgery Center look forward to a successful 2021 and are firmly committed to continue earning their title as Minnesota's top choice for pain management care.

"It is our privilege to serve our patients' pain management needs and we will continue working diligently to remain the best in the state," Dr. Will states.

#### **About Twin Cities Pain Clinic and Twin Cities Surgery Center**

Dr. Will started Twin Cities Pain Clinic in 2003 out of a small, solo office in Eden Prairie, Minnesota. Since then, it has grown into a comprehensive pain management organization, with four physicians and 19 advanced practice providers who are each clinically trained experts specializing in the treatment of chronic pain. They offer a wide range of the most advanced and effective pain management treatments and are one of the nation's leading authorities on neurostimulation therapy. Most insurance plans are accepted at all locations and appointments are available within 24 hours.

Twin Cities Surgery Center is a 9,205 square foot, state-of-the-art, AAAHC-accredited ambulatory surgery center that opened its doors in 2016. The facility administers outpatient surgical procedures for the treatment of chronic pain, using the most advanced technologies and modern techniques available.
